New Listings

In 2015, Airbnb reached the highest number of new listings, 2016 and 2017 saw a restraint also due a tightening in local regulations, Despite this, Airbnb became profitable in the second half of 2016 and 2017 marked the first full year of generating income. From 2018, there was a new growth stopped in 2019 by the COVID-19 pandemic

Market Share by City

Paris, NYC and Sydney account for almost half of the total listings and 48 % of the total reviews.

Paris is the city with the most listings and reviews. A possible driver is the prices for hotel rooms being twice as much as **Airbnb** !

Review Frequency

Trust

Over Two Thirds o Airbnb hosts are fully verified, while nearly all hosts provide at least one trust signal, keeping unverified and anonymous profiles to a minimum

Reviews provide the information about the customer order frequency. Most, of the customers wrote a review only once.

98,8% of customers did so 3 times or less.

One customer wrote 283 reviews: last two on 13-Oct-20, of two listings in Bangkok. (Data error or globe trotter?)
